Welcome to our Autumn newsletter!

"The wind is rising, and the air is wild with leaves. We have had our summer evenings; now for October eves!"
- Humbert Wolfe

Coming soon on our website! Hear from past delegates their experiences after attending our course and how it has impacted in their professional and personal life.

Have you attended one of our courses and happy to share your story? Get in touch, we would love to hear from you!

Saturday, 25th October, Palliative Care Works will be hosting their 12 annual conference here at OxCERPC! For more information: [LINK](#)

Care Home training

You said, we did...We asked staff working across Oxfordshire what training they would like to enhance their skills in this essential area of care, and based on this information we have devised a study day with this in mind.

Thanks to the generosity of our Trustees, we are able to offer training days at a reduced price!

Telecommunications

Tuesday, 11th November 2025

After a successful pilot, we're excited to roll out the full course! Our new evidence-based telecommunications study day is designed to refine these essential skills through a blend of interactive observation, role-play, and lecture-based learning. This course will equip you to assess and support patients and their caregivers effectively via video calls and telephone consultations. Our goal is to ensure we continue providing high-quality, compassionate care as we adapt to the evolving landscape of healthcare communication.

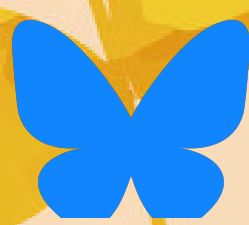

Our Level 2 Psychological Support Skills is now officially certified by the CPD Certification Service as conforming to Continuing Professional Development principles

This is a first step to many future accreditation to our courses!

Best wishes from the team: Mary, Kate, Karen, Michael & Tamanna
