From insight to IMPACT

OxCERPC Stories

Now live on our website to read articles from past delegates, and how OxCERPC helped shape their role.

Have you attended one of our courses and want to share your story?

Get in touch, we would love to hear from you!

AMAZING OFFER!

With the donation from Beth's Bursary, we were able to fund x4 spaces in our upcoming Beyond Advanced Communications course for delegates who needed it! But that's not all... We still have x2 more additional spaces with 25% off the price!

Lets look back at 2025...

It's been a busy and exciting time at OxCERPC. We were delighted to welcome a new Senior Administrator to the team, and also took a moment to say goodbye to Aisce - thanking them for everything they contributed during their time with us.

We launched OxCERPC stories, in which we endeavour to hear from delegates across all of our courses to hear their personal successes

We're delighted to share that our new pilot courses such as Trauma Informed Care, Deaf Awareness, and Teaching the Teachers have been a success.

The courses will be added to our regular programme.

Look out for them in 2026!

We recognize that funding constraints continue to present challenges for many. In response, we have maintained a freeze on our course prices, ensuring our fees remain as accessible as possible while upholding the quality of education our learners deserve.

Some of our feedback from our courses:

From all of us at OxCERPC- No matter how you celebrate, we wish you a joyous holidays & a very happy new year!

Best wishes, Mary, Kate, Karen, Michael, Tamanna
